## SUMMARY

Full Stack Web Developer with a background in Biology and a strong passion for continuous learning. Experienced in building responsive, user-focused applications using modern web technologies across the front-end and back-end. Known for attention to detail, strong communication, and a collaborative mindset. Adept at solving problems creatively and continuously improving through new technologies and frameworks.

## TECHNICAL SKILLS

**Languages:** HTML, CSS, JavaScript, TypeScript, Java, Python, C#
**Frameworks:** .NET, React, Angular, Django
**Databases:** SQL (PostgreSQL, MySQL, MS SQL Server), NoSql (MongoDB)
**Applications:** GitHub, GitLab, Azure, GraphQL, Docker

## PROJECTS

**Weather App** │ **GitHub: Weather-App** | **Deployed Link: Weather-App**
- *Summary: A Django application that uses API calls to pull the weather for any city in the United States.*
- *Role: Led design and front-end development, integrating APIs and optimizing the user experience.*
- *Tools: Django, Python, API*

**Face Detection** │ **GitHub: Face-Detection** | **Deployed Link: Face-Detection**
- *Summary: A full-stack MERN application built to detect and highlight faces in images via an API.*
- *Role: Led design and development of both front-end and back-end, integrating APIs and optimizing the user experience.*
- *Tools: MongoDB, React, Node.js, JWT, Express*

**Vintage Vault** │ **GitHub: Drew-Andersen/Vintage-Vault** | **Deployed Link: Vintage Vault**
- *Summary: A marketplace for vintage items, where users can discover, browse, and purchase vintage goods from different time periods.*
- *Role: Designed and developed the full stack application, implementing user authentication and responsive design.*
- *Tools: MongoDB, React, Node.js, Bootstrap, JWT, Express*

**Fitness Buddy** │ **GitHub: Drew-Andersen/Fitness-Buddy** | **Deployed Link: Fitness Buddy**
- *Summary: A fitness tracking app designed to help users track workouts, progress, and set fitness goals.*
- *Role: Full stack development, focusing on the database and front-end design.*
- *Tools: PostgreSQL, Tailwind, Node.js, Handlebars, Express*

**Operations - Account Manager**                                    2020 – 2024
**TCW Inc.**                                                         Savannah, GA
*Managed key accounts and ensured timely delivery of export containers in collaboration with the Georgia Ports Authority. Streamlined operations and saved costs for clients through proactive problem-solving and data-driven decisions.*
Key Accomplishments:
- *Coordinated with clients to ensure timely freight delivery while managing per diem and storage fees*
- *Developed and implemented custom Google Sheets formulas to track container arrival schedules, improving visibility and enabling team members to make more efficient, timely decisions.*

**Health Promotion and Wellness Coordinator**                       2018 – 2020
**Southeast Georgia Health System**                                 Brunswick, GA
*Worked with other employees to help better their health. Provided discounts on health insurance for employees. Conducted Biometric screenings.*
Key Accomplishments:
- *Developed personalized fitness plans and nutrition counseling, leading to a 30% improvement in employee health metrics.*
- *Became a certified nutritionist, offering employees no-cost nutrition plans that improved their overall health outcomes.*

**Personal Trainer**                                                2017 – 2020
**BodyworX Studio 912**                                             Brunswick, GA
*Offered personal training and group training classes to help clients become fitter and healthier.*
Key Accomplishments:
- *Created custom workouts tailored to each client and their needs.*
- *Scaled workouts for clients who could not do certain exercises.*

## EDUCATION AND CERTIFICATIONS

**Full Stack Web Development Boot Camp Certificate:** *UCF*          Sept 2024
*An intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, Handlebars.js, and ReactJS.*

**Certificate: Python Programming: Basic Skills:** *edX*            Oct 2024

**Certificate: Java Programming: Object Oriented Design:** *edX*    Oct 2024

**Certificate: Responsive Web Design:** *FreeCodeCamp*              Feb 2024

**Certificate: JavaScript Algorithms and Data Structures**: *FreeCodeCamp*    Mar 2024

**Bachelor of Science, Biology:** *GSU, Statesboro, GA*             Dec 2017
